What Best Friends Look Like

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Five everyday moments that show what friendship looks like: a morning nose touch, a trail walk with the corgi, leaning on the owner, the cat sleeping on her paws and waiting together at the door.

TIMELINE

0-5s	Morning nose touch
5-10s	Trail side by side
10-15s	Leaning on the owner
15-20s	Sleeping on her paws
20-25s	Waiting together

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Morning nose touch): Kitchen, early morning daylight through the window, beige tile floor. The dog walks in and an orange tabby cat with white paws and a white chest walks toward her. They touch noses in the middle of the kitchen and the cat rubs along the dog's fluffy chest as she passes. Sound: soft purr, collar tag jingling, coffee maker gurgling. 5-10s (Trail side by side): Forest trail, cool overcast daylight, dirt path with roots and ferns. The dog and a small Pembroke Welsh Corgi with a red-and-white coat and a blue collar trot side by side on leashes ahead of the camera, the dog shortening her steps to match his short legs. Sound: paws on dirt, birds, owner's footsteps and breathing. 10-15s (Leaning on the owner): Back steps of the house, cloudy afternoon light, the owner sitting on a wooden step seen from point of view, knees in jeans. The dog walks up and leans her whole fluffy side against the owner's legs, then rests her head on one knee and looks up. Sound: wind chime, soft dog sigh, owner says "I know, I love you too". 15-20s (Sleeping on her paws): Living room, late afternoon window daylight, a grey rug. The dog lies with her front paws stretched forward and the orange tabby cat with white paws is asleep with her head resting on the dog's paws. The dog stays completely still, only her eyes moving. Sound: quiet room, soft purring, distant traffic. 20-25s (Waiting together): Front hallway in the evening, ordinary ceiling light on, shoes by the door. The dog and the small red-and-white corgi with a blue collar sit side by side facing the front door, ears up, tails starting to wag as keys jingle outside. Sound: keys jingling outside, tails thumping, door handle turning.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Morning nose touch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Kitchen, early morning daylight through the window, beige tile floor. The dog walks in and an orange tabby cat with white paws and a white chest walks toward her. They touch noses in the middle of the kitchen and the cat rubs along the dog's fluffy chest as she passes. Sound: soft purr, collar tag jingling, coffee maker gurgling.

Clip 2 | 5-10s | Trail side by side

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
