TIMELINE

0-5s	Bandana goes on
5-10s	Sniffing the pumpkin
10-15s	Greeting trick-or-treaters
15-20s	Biscuit reward
20-25s	Couch flop

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Bandana goes on): Living room, afternoon, soft overcast daylight from a side window, grey carpet with a few dog hairs. The dog sits patiently while the owner's hands loosely tie a soft orange bandana with small black pumpkin prints around its neck. The dog licks its lips, looks away, then looks back at the camera with ears slightly back. Sound: fabric rustling, collar tag jingling, owner says "almost done, buddy". 5-10s (Sniffing the pumpkin): Front porch, late afternoon, cloudy daylight, worn wooden steps with dry brown leaves in the corners. The dog, wearing the orange bandana, walks up to a carved pumpkin sitting on the top step, sniffs it carefully with its nose close, then pulls back and sneezes once. Sound: leaves crunching, sniffing, one loud sneeze, owner laughing. 10-15s (Greeting trick-or-treaters): Open front door, late afternoon daylight, doormat and a few shoes inside. Two small kids in simple costumes stand on the porch, only their legs and candy buckets visible. The dog in its orange bandana sits on the mat, tail sweeping the floor, and stretches its nose forward to sniff a bucket. Sound: kids giggling, tail thumping the floor, owner says "gentle, gentle". 15-20s (Biscuit reward): Kitchen, early evening, last grey daylight from the window, beige tile floor. The dog sits in front of the owner, bandana a little crooked. The owner's hand holds out a plain bone-shaped dog biscuit and the dog takes it gently, then crunches it while standing in place. Sound: loud crunching, crumbs hitting the tile, owner says "good boy". 20-25s (Couch flop): Living room couch, evening, dim light from a single floor lamp, a folded blanket on the arm. The dog lies stretched out on the cushions, the orange bandana slipped sideways on its neck. It lets out a long sigh, rests its chin on its paws and blinks slowly at the camera. Sound: TV murmuring faintly, a long tired sigh, doorbell ringing in the distance.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
