Comforting Him During the Thunderstorm

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

A stormy evening at home: the dog hears thunder, hides by the couch, gets comforted by the owner, leans in for pets and finally falls asleep calm under a blanket.

TIMELINE

0-5s	Hears the thunder
5-10s	Hides by the couch
10-15s	Owner sits close
15-20s	Leans in for comfort
20-25s	Calm under blanket

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Hears the thunder): Living room in the evening, dim yellow lamp light, rain streaking down a dark window behind a worn brown couch. The dog is lying on a grey rug, then lifts its head fast, ears pinned back, and stares toward the window while its body stiffens and it starts to pant with its mouth wide open. Sound: heavy rain on the window, a loud rumble of thunder, the dog's quick panting. 5-10s (Hides by the couch): Same living room, dim lamp light, beige carpet, a coffee table with a TV remote on it. The dog squeezes into the narrow gap between the end of the worn brown couch and the wall, tail tucked, ears flat, peeking out at the camera with wide eyes and trembling slightly. Sound: rain, distant thunder, collar tag rattling softly, owner says "hey buddy, it's okay". 10-15s (Owner sits close): Floor of the living room beside the couch, warm lamp light, rain still running down the window. The owner's legs in grey sweatpants sit down on the carpet next to the dog. The owner's hand slowly strokes the dog's back and chest while the dog keeps panting and glancing at the window. Sound: rain, soft thunder, owner quietly says "I've got you, you're safe". 15-20s (Leans in for comfort): Same spot on the beige carpet, warm lamp light, the dark rainy window behind. The dog shuffles out from the gap and presses its head into the owner's lap, letting out a long breath through its nose. The owner's hand gently rubs behind its ears as its panting slowly settles down. Sound: steady rain, a long sigh from the dog, soft shushing from the owner. 20-25s (Calm under blanket): Living room couch, dim lamp light, rain still falling outside the dark window. The dog lies curled up on the couch cushions with a grey fleece blanket draped over its back, eyes half closed, chin resting on the owner's knee, breathing slow and relaxed as the storm fades. Sound: quiet rain, faraway thunder, slow breathing, owner whispers "good boy".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Hears the thunder

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Living room in the evening, dim yellow lamp light, rain streaking down a dark window behind a worn brown couch. The dog is lying on a grey rug, then lifts its head fast, ears pinned back, and stares toward the window while its body stiffens and it starts to pant with its mouth wide open. Sound: heavy rain on the window, a loud rumble of thunder, the dog's quick panting.

Clip 2 | 5-10s | Hides by the couch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
