25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

A hot summer afternoon: the dog waits by the freezer, gets a frozen yogurt cup, licks it on the patio, chases it across the concrete and lies in the shade with a cold nose.

TIMELINE

0-5s	Waiting at freezer
5-10s	Gets the treat
10-15s	Licking on patio
15-20s	Chasing the slide
20-25s	Cool down nap

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Waiting at freezer): Small kitchen in the afternoon, bright daylight through a window over the sink, white tile floor, magnets on the fridge door. The dog sits right in front of the freezer drawer staring up at it, then at the camera, licking its lips, tail sweeping back and forth across the tiles. Sound: fridge humming, tail thumping on tiles, owner says "you know what day it is?". 5-10s (Gets the treat): Same kitchen, bright afternoon light. The owner's hand holds out a small round frozen cup of plain dog-safe yogurt with a few blueberries frozen on top. The dog sniffs it carefully, ears up, then gently takes a big lick from the frosty top and licks its nose. Sound: freezer drawer closing, sniffing, a wet lick, owner says "gentle". 10-15s (Licking on patio): Back patio, hot sunny afternoon, grey concrete slabs, a white plastic chair and a potted plant. The dog lies on its belly holding the frozen treat between its front paws, licking it steadily with its eyes half closed, little white bits sticking to its muzzle. Sound: loud licking, cicadas buzzing, a lawnmower far away. 15-20s (Chasing the slide): Same concrete patio, bright sunny afternoon, a garden hose coiled by the wall. The frozen treat slips out from the dog's paws and slides across the slabs. The dog scrambles up, pounces on it, and pins it down with one paw before going right back to licking. Sound: paws scraping concrete, the treat skidding, owner laughing. 20-25s (Cool down nap): Shady corner of the patio under a striped awning, hot afternoon, the bright yard and wooden fence in the background. The dog lies on its side on the cool concrete, licking its nose slowly, eyes getting heavy, white yogurt still stuck on its whiskers. Sound: cicadas, slow panting, a contented sigh.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
