His First Boat Ride

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

The dog's first time on a small boat: life jacket on, a careful step aboard, sitting at the front, sniffing the breeze and relaxing on the way back.

TIMELINE

0-5s	Life jacket on
5-10s	Careful step aboard
10-15s	Sitting up front
15-20s	Sniffing the breeze
20-25s	Relaxing back

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Life jacket on): Gravel boat ramp at a lake, late morning, bright overcast daylight, the water just behind. The dog stands still while the owner's hands fasten a bright yellow dog life jacket with a handle on top around its chest. The dog sniffs the straps and wags its tail. Sound: buckles clicking, water lapping, owner says "looking sharp". 5-10s (Careful step aboard): Wooden dock next to a small aluminum fishing boat, late morning daylight, calm water. The dog in its yellow life jacket hesitates at the edge of the dock, then steps carefully down into the boat while the owner's hand holds the handle on top of the jacket. Sound: boat rocking and creaking, paws on metal, owner says "easy, easy". 10-15s (Sitting up front): Inside the small aluminum boat moving gently on a calm lake, late morning, grey sky, green trees along the shore. The dog sits on the boat floor near the front in its yellow life jacket, ears blowing back in the wind, looking around at the water. Sound: low trolling motor hum, water rushing gently, wind on the phone mic. 15-20s (Sniffing the breeze): Same small boat on the lake, midday, soft daylight on the water. Close up of the dog's face above the yellow life jacket, nose lifted into the wind, nostrils twitching, ears flapping slightly, eyes squinting a little against the breeze. Sound: wind noise, motor hum, water splashing on the hull. 20-25s (Relaxing back): Same small boat heading back toward the wooden dock, early afternoon, mild overcast daylight. The dog lies down on the boat floor in its yellow life jacket, head resting on the owner's sneaker, calm and sleepy, blinking at the camera. Sound: quiet motor hum, gentle water, owner says "you're a boat dog now".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Life jacket on

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Gravel boat ramp at a lake, late morning, bright overcast daylight, the water just behind. The dog stands still while the owner's hands fasten a bright yellow dog life jacket with a handle on top around its chest. The dog sniffs the straps and wags its tail. Sound: buckles clicking, water lapping, owner says "looking sharp".

Clip 2 | 5-10s | Careful step aboard

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
