Raincoat Walk

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

A rainy morning walk in his yellow raincoat: the not-so-sure first look, stepping out into the rain, splashing through a puddle, sniffing wet grass and a towel rub back home.

TIMELINE

0-5s	Raincoat on
5-10s	Out into the rain
10-15s	Puddle splash
15-20s	Sniffing wet grass
20-25s	Towel rub at home

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Raincoat on): Front hallway, grey rainy morning light through the window in the door, umbrellas leaning in the corner, a wet doormat. The dog stands still wearing a bright yellow dog raincoat, looks back at the coat on its back, then stares at the camera with its ears slightly flat. Sound: rain outside, owner says "you look so handsome". 5-10s (Out into the rain): Front steps of the house, steady light rain, overcast grey morning, wet concrete steps. The dog steps out on a red leash, pauses as drops hit its ears, shakes its head, then walks down the wet steps. The owner's rain boots step down right behind it on the steps. Sound: rain pattering, leash clinking, footsteps on wet concrete. 10-15s (Puddle splash): Neighborhood sidewalk, rainy grey morning, dark wet pavement, parked cars and bare trees along the street. The dog walks straight through a big puddle, splashing, its yellow raincoat covered in raindrops. Its paws come out dark and muddy, and it keeps walking without even looking down. Sound: splashing, rain, a car driving past on the wet road. 15-20s (Sniffing wet grass): Strip of wet grass next to the sidewalk, rainy overcast morning. The dog stops and sniffs the soggy grass, rain dripping off the edge of its raincoat, its ears and face soaked and shiny. The red leash hangs loose and drips water onto the sidewalk. Sound: rain, sniffing, owner says "come on, let's go home". 20-25s (Towel rub at home): Back in the front hallway, grey rainy daylight through the door window, the wet yellow raincoat on the floor. The dog stands on the doormat while the owner's hands rub its wet head with an old blue towel, the dog leaning into it. Sound: towel rubbing, rain outside, the dog grunting happily.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Raincoat on

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog stands on the doormat while the owner's hands rub its wet head with an old blue towel, the dog leaning into it. Sound: towel rubbing, rain outside, the dog grunting happily.

FACEBOOK CAPTION

Bought him a raincoat so he would stay dry.
He found every puddle in the neighborhood anyway.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
