Morning Yoga Interrupted

25 seconds | 5 activities | Real phone-video look | 9:16 Reel

VIDEO IDEA

Trying to do morning yoga with a German Shepherd: he walks under her downward dog, lies on the mat, licks her face, does his own stretch and ends up in her lap.

TIMELINE

0-5s	Downward dog visitor
5-10s	Taking the mat
10-15s	Face licks
15-20s	His own stretch
20-25s	Lap time

FULL 25-SECOND PROMPT (only if your tool can make 25s in one go)

A 25-second shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. It shows 5 short everyday moments joined with simple hard cuts. 0-5s (Downward dog visitor): Living room, early morning, soft daylight through sheer white curtains, a purple yoga mat on the hardwood floor. The camera sits on the floor and shows mom's legs and hands in a downward dog pose. The dog walks under the arch of her body and sniffs her face. Sound: calm breathing, mom laughing "seriously?". 5-10s (Taking the mat): Same living room, soft morning daylight, purple yoga mat. The dog lies down in the middle of the mat and stretches out on its side, refusing to move, glancing at mom's bare feet standing at the edge of the mat. Sound: a big dog sigh, mom says "that's my spot". 10-15s (Face licks): Living room floor, soft morning light through the curtains. Camera is mom's point of view lying on her back on the mat looking up. The dog's face comes into view above her and it licks her chin, tail wagging behind it. Sound: licking, mom giggling "stop, stop". 15-20s (His own stretch): Next to the purple yoga mat, morning daylight on the hardwood floor. The dog does its own long stretch, front legs out in front and rear in the air, then stands up and gives a big yawn. Its collar tag dangles down toward the floor. Sound: squeaky yawn, mom saying "good form". 20-25s (Lap time): Living room, morning daylight through sheer curtains. Mom sits cross-legged on the yoga mat in leggings and the dog lies down beside her, resting its head in her lap while her hand strokes its ears. Its eyes slowly close as she keeps stroking. Sound: quiet room, a content dog sigh, mom says "okay, you win".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (recommended)

Make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Downward dog visitor

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Living room, early morning, soft daylight through sheer white curtains, a purple yoga mat on the hardwood floor. The camera sits on the floor and shows mom's legs and hands in a downward dog pose. The dog walks under the arch of her body and sniffs her face. Sound: calm breathing, mom laughing "seriously?".

Clip 2 | 5-10s | Taking the mat

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Make 5 short clips	Generate each clip (5 seconds) separately with its own prompt, then join them in CapCut with simple hard cuts. If your tool can make 25 seconds at once, use the full 25s prompt instead.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
