MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Right paw shake): Kitchen in the morning, daylight from the window, beige tile floor and a dish towel on the oven handle. The owner crouches and holds out an open hand. The dog sits and places his right paw in it, and the owner gives it a gentle up and down shake. Sound: tags clinking, owner says "shake". 5-10s (Other paw and low five): Same kitchen, morning daylight. The owner switches hands and the dog gives his left paw, then the owner holds a flat palm low near the floor and the dog taps it with his paw. His fluffy tail sweeps the tiles the whole time. Sound: soft paw taps, tail swishing, owner says "low five, yes". 10-15s (Trailhead shake): Dirt trailhead in a pine forest, cloudy morning, wooden fence rail and a muddy puddle. The dog sits on the packed dirt with leash on, and the owner crouches and holds out a hand. The dog does the same right paw, left paw, low five routine, breeze moving his chest fur. Sound: wind in the pines, birds, owner whispering "our secret". 15-20s (Porch shake and treat): Back porch in the evening, ordinary porch light, wooden boards and a plastic chair. The dog does the full handshake, and then the owner opens the other hand to reveal a small dog biscuit. The dog takes it gently and crunches it, crumbs falling on the boards. Sound: crunching, crickets, owner says "good boy". 20-25s (Offering it himself): Carpeted staircase inside the house, afternoon daylight from a landing window. The owner sits on a step, and without any cue the dog walks up and lifts his paw onto the owner's knee, then the other paw, waiting with ears soft and head tilted slightly. Sound: quiet house, owner laughing "I didn't even ask".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
