He Rests His Head on My Desk

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Working from home with a furry supervisor: his chin on the desk, his eyes following me, nudging my hand, lying under the desk and celebrating break time.

TIMELINE

0-5s	Chin on the desk
5-10s	Eyes up
10-15s	Nudging the hand
15-20s	Under the desk
20-25s	Break time

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Chin on the desk): Small home office in the morning, daylight through a window with plain blinds, wooden desk with a laptop facing away from the camera and a coffee mug. Camera looks across the desk. The dog's head slowly rises over the edge and his chin settles flat on the desk next to the keyboard. Sound: keyboard typing, a soft huff, owner laughs quietly. 5-10s (Eyes up): Same home office, morning window light. Close on the dog's face with chin resting on the desk, the fluffy fur of his cheeks spread on the wood. His eyes move from the owner to the laptop and back, eyebrows twitching, while the owner keeps typing. Sound: typing, a mouse click, the dog sighing through his nose. 10-15s (Nudging the hand): Home office, morning daylight. The owner's hand rests on the desk beside the keyboard. The dog lifts his nose and flips the owner's hand up with a nudge, then pushes his head under it. The owner gives in and scratches his ears. Sound: hand bumping the desk, owner says "okay, okay, one minute". 15-20s (Under the desk): Under the wooden desk in the home office, daylight from the window behind. Camera points down past the chair. The dog lies on the floor at the owner's feet, his fluffy tail draped over the owner's slippers, eyes closing while the owner's foot rubs his side. Sound: faint typing above, slow breathing. 20-25s (Break time): Home office around midday, bright overcast daylight. The owner pushes the chair back and stands, and the dog jumps up from under the desk, stretches with his front legs out and fluffy rear up, then trots toward the door looking back at the owner. Sound: chair rolling, tags jingling, owner says "yes, break time".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Chin on the desk

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Small home office in the morning, daylight through a window with plain blinds, wooden desk with a laptop facing away from the camera and a coffee mug. Camera looks across the desk. The dog's head slowly rises over the edge and his chin settles flat on the desk next to the keyboard. Sound: keyboard typing, a soft huff, owner laughs quietly.

Clip 2 | 5-10s | Eyes up

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Same home office, morning window light. Close on the dog's face with chin resting on the desk, the fluffy fur of his cheeks spread on the wood. His eyes move from the owner to the laptop and back, eyebrows twitching, while the owner keeps typing. Sound: typing, a mouse click, the dog sighing through his nose.

Clip 3 | 10-15s | Nudging the hand

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
