MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Cheek kiss): Living room in the afternoon, daylight through a window with sheer curtains, beige carpet. The owner kneels in front of the dog and turns a cheek toward him. The dog leans in and gives one quick lick on the cheek, then sits back with his tail sweeping the carpet. Sound: quick lick, owner says "kiss" then laughs. 5-10s (Hand kiss): Kitchen in the afternoon, daylight from the back door window, grey tile floor. The owner holds out the back of a hand at the dog's nose height. The dog gives two soft licks on the knuckles and looks up at the camera, ears relaxed and fluffy. Sound: licking, fridge humming, owner says "good kiss". 10-15s (Nose boop): Front porch in the afternoon, cloudy daylight, wooden boards and a doormat. The owner crouches and leans down close. The dog touches his cold wet nose to the owner's nose for a second, then gives a tiny lick on the tip. Sound: birds, owner laughing "boop". 15-20s (Park kisses): Grassy park on a breezy afternoon, overcast sky, trees in the background and a picnic table. The owner sits on the grass and asks for a kiss. The dog trots over, the wind in his long fur, and gives several quick licks to the owner's chin. Sound: wind, distant kids playing, owner says "kiss? okay, okay". 20-25s (Too many kisses): Same park lawn, cloudy afternoon. The dog will not stop giving kisses, licking the owner's cheek and ear, tail wagging hard. The owner laughs and leans back onto the grass, and the camera tilts to the sky for a moment before showing the dog's face close up. Sound: happy licking, owner laughing "I said one".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
