MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Following me out): Back garden on a sunny afternoon, bright natural daylight, small round metal table with two chairs on a stone patio, flower beds behind. The owner sets down a mug of tea, and the dog follows close behind and sniffs the table leg, tail waving. Sound: mug clinking on metal, birds, owner says "tea time". 5-10s (In the shade): Stone patio in the garden, sunny afternoon. The dog lies down in the shade under the owner's chair, stretching out on the cool stones with his fluffy tail sticking out into the sunlight, and rests his head on the owner's sandal. Sound: chair scraping on stone, bees buzzing, a sigh. 10-15s (His own biscuit): Garden patio, bright afternoon daylight. The owner reaches into a small glass jar of dog biscuits on the table and holds one out. The dog sits up straight, takes it gently and lies down on the stones to crunch it between his front paws. Sound: jar lid, crunching, owner says "one for you too". 15-20s (Watching a butterfly): Garden flower bed beside the patio, sunny afternoon, purple lavender and green leaves. A white butterfly flutters over the lavender. The dog watches it from where he lies, head tilted, ears forward and twitching, but stays calmly in place on the cool patio stones. Sound: bees, birds, the dog's ears flapping as he shakes his head. 20-25s (Resting together): Garden patio, late afternoon light and lengthening shadows. Steam rises from the mug on the table. The owner's hand hangs down and rests in the thick fluffy fur on the dog's neck, and he closes his eyes, leaning into the touch. Sound: wind chime, birds, owner sighing "this is the life".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
