Early Morning on the Back Steps

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Before the house wakes up, we sit on the back steps: sniffing the cool air, sitting side by side, watching the birds, his breath in the cold and his chin on my knee.

TIMELINE

0-5s	Sniffing the air
5-10s	Side by side
10-15s	Watching the birds
15-20s	Breath in the cold
20-25s	Chin on my knee

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Sniffing the air): Back door of a house in the early morning, pale blue light before sunrise, wet wooden steps and a dewy lawn. The door opens and the dog steps out onto the top step, stops and lifts his nose high, sniffing the cool air, fur on his neck slightly ruffled. Sound: door creaking, sniffing, early birds. 5-10s (Side by side): Wooden back steps, early morning, pale bluish daylight. The owner sits down on the middle step holding a mug, and the dog sits right next to him on the same step, shoulders touching, both looking out at the quiet yard and the wooden fence. Sound: mug set on wood, birds, a deep calm breath. 10-15s (Watching the birds): Backyard in the early morning, soft pale light, a wooden fence with a few sparrows on top. The dog watches the sparrows hop along the fence, ears flicking forward, head turning slightly with them, but he stays sitting on the step. Sound: sparrows chirping, the dog's quiet snort. 15-20s (Breath in the cold): Close shot on the back steps, cold early morning, light mist over the lawn. The dog's breath shows as little puffs of vapor in the cool air, and tiny dew drops sit on the long fur of his ears and chest. He blinks slowly at the camera. Sound: quiet morning, faint traffic far away, breathing. 20-25s (Chin on my knee): Back steps, early morning, the sky turning lighter behind the fence. The dog lowers his head and rests his chin on the owner's knee, eyes half closed. The owner's hand strokes the soft fur on his head as the first sunlight touches the fence top. Sound: birds getting louder, owner whispering "just us".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Sniffing the air

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Back door of a house in the early morning, pale blue light before sunrise, wet wooden steps and a dewy lawn. The door opens and the dog steps out onto the top step, stops and lifts his nose high, sniffing the cool air, fur on his neck slightly ruffled. Sound: door creaking, sniffing, early birds.

Clip 2 | 5-10s | Side by side

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
