MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (From my fingertips): Kitchen in the morning, daylight from the window over the sink, beige tile floor. The owner holds a small dog treat between two fingertips. The dog leans forward and takes it using only his front lips, slowly and carefully, without touching the fingers with his teeth. Sound: soft lip smack, crunching, owner says "gentle, good". 5-10s (From a flat palm): Backyard, cloudy midday, patchy grass and a wooden fence. The owner crouches and holds out a flat palm with a small treat on it. The dog sniffs, then slides the treat off the palm with soft lips, his fluffy chin brushing the owner's hand. Sound: birds, crunching, owner says "so gentle". 10-15s (From a child's hand): Backyard, cloudy midday, plastic toys on the grass. A young child holds out a flat palm with a treat while a parent's hand supports the child's hand from below. The dog takes the treat very slowly and softly, then licks his lips and sits. Sound: child giggling, parent says "flat hand, good job". 15-20s (Practicing gentle): Living room in the afternoon, daylight through blinds, beige carpet. The owner holds a treat in a closed fist. The dog licks the fist softly and waits. When he backs off slightly, the owner opens the hand and he takes the treat delicately. Sound: soft licking, owner saying "wait... gentle... yes". 20-25s (Carrot to the sofa): Living room in the afternoon, soft daylight, grey sofa and a rug. The owner holds out a raw carrot stick and the dog takes it gently by the very end, walks to the rug beside the sofa, lies down and holds it between his paws to crunch it. Sound: crunching carrot, owner laughing "such good manners".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
