MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Rain on the porch): Covered front porch on a rainy afternoon, grey natural daylight, white wooden porch swing hanging from chains and a wet lawn beyond the railing. The owner sits on the swing with a blanket, and the dog lies on the porch boards beside the swing, clear of its path. Sound: steady rain on the roof, swing chains creaking softly. 5-10s (Watching the drips): Edge of the covered porch, grey rainy daylight, water dripping from the gutter in a steady line. The dog lies on the boards and watches the drips, his ears flicking forward with each splash, his head tilting a little, the long fur on his chest damp from the misty air. Sound: water dripping and splashing, rain. 10-15s (Chin on the seat): Covered porch, rainy afternoon, grey daylight. The owner stops the swing with both feet on the floor. The dog stands, walks over and rests his chin on the seat beside the owner's knee, and the owner strokes the long fur on his neck. Sound: rain, owner says "hi, cozy enough?". 15-20s (Sniffing the rain): Top of the porch steps, rainy afternoon, grey daylight. The dog steps to the edge of the roof and stretches his nose out into the rain, sniffing. A few drops land on his fluffy head and he steps back quickly, giving a little head shake. Sound: heavier rain, sniffing, a head shake, owner laughing. 20-25s (Settling on his mat): Covered porch, rainy afternoon, grey light. The dog lies on a woven mat on the floor beside the swing, not underneath it. The owner rests a sock foot on his fluffy side while the swing barely moves, and he closes his eyes. Sound: soft rain, slow breathing, a long sigh.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
