Dog-Friendly Day at the Botanical Garden

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A leashed walk through a botanical garden: gravel paths between hedges, giant leaves, a quiet pond, a rose arch and a water break in the shade.

TIMELINE

0-5s	Gravel path start
5-10s	Giant leaves
10-15s	Quiet pond
15-20s	Rose arch walk
20-25s	Shady water break

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Gravel path start): Botanical garden entrance path, sunny late morning, light gravel path between neatly trimmed green hedges. The dog walks ahead on a loose black leash held by the owner, nose down, sniffing the edge of the hedge, his fluffy tail held high and swaying. Sound: gravel crunching, birds singing, distant quiet voices. 5-10s (Giant leaves): Garden section with huge tropical plants, bright late morning sun filtering through leaves. The dog stops beside a plant with leaves bigger than his body, sniffs a leaf that brushes his face, then sneezes and shakes his head, ears flicking. Small plant labels face away from the camera. Sound: leaves rustling, a small sneeze, owner chuckles. 10-15s (Quiet pond): Edge of a small garden pond with a low stone border, late morning sunlight, lily pads on still water. The dog stands on the leash at the stone edge, watching ripples on the surface with ears pricked, then looks back at the owner and wags his tail. Sound: soft trickle of a small fountain, birds, leash clip jingling. 15-20s (Rose arch walk): A path under a metal arch covered in pink climbing roses, sunny late morning, petals scattered on the gravel. The dog trots through the arch on his leash toward the camera, stopping once to sniff fallen petals, a few landing in his long chest fur. Sound: bees humming softly, gravel crunching, owner says "you look fancy". 20-25s (Shady water break): Wooden bench under a big leafy tree, cool shade, bright sunlight on the lawn beyond. The owner's hand pours water from a bottle into a blue collapsible bowl on the ground. The dog laps it up noisily, then lies down in the shade beside the bench, panting. Sound: water pouring, loud lapping, panting, distant birds.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Gravel path start

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Botanical garden entrance path, sunny late morning, light gravel path between neatly trimmed green hedges. The dog walks ahead on a loose black leash held by the owner, nose down, sniffing the edge of the hedge, his fluffy tail held high and swaying. Sound: gravel crunching, birds singing, distant quiet voices.

Clip 2 | 5-10s | Giant leaves

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. FACEBOOK CAPTION

Took him to smell the roses. Literally.
He sneezed on half of them.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
