Our Walk Through the Old Covered Bridge

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

An autumn walk across an old red covered bridge: approaching on a gravel road, echoing planks inside, looking out the side opening, stepping into the leaves and a photo stop.

TIMELINE

0-5s	Approaching the bridge
5-10s	Echoing planks
10-15s	Looking at the creek
15-20s	Into the leaves
20-25s	Photo stop

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Approaching the bridge): Quiet country gravel road, overcast autumn afternoon, orange and yellow trees on both sides. Ahead stands an old red wooden covered bridge over a creek. The dog walks on a leash toward it, ears pricked at the dark opening, fluffy tail swaying. Sound: gravel crunching, creek rushing softly, crows in the distance. 5-10s (Echoing planks): Inside the old covered bridge, dim light, worn wooden plank floor, thin strips of grey daylight through gaps in the walls. The dog walks slowly over the planks, sniffing the floor, pausing when his claws make a hollow clicking sound, then carrying on. Sound: hollow claw clicks on wood, creaking boards, owner says "it's okay". 10-15s (Looking at the creek): Inside the covered bridge beside a square side window opening with a wooden railing, overcast daylight coming in. The dog puts his front paws up on the low railing beside the owner, leash held short, and looks down at the creek below, ears forward. Sound: water rushing below, wind through the gaps, the dog sniffing the air. 15-20s (Into the leaves): Far end of the covered bridge, the dog steps out of the dim inside into grey autumn daylight on a road covered in fallen orange leaves. He shoves his nose into a leaf pile at the roadside and sniffs, then lifts his head with a leaf stuck to his ruff. Sound: leaves crunching, breeze, owner laughing "you've got a leaf". 20-25s (Photo stop): In front of the red covered bridge entrance, overcast autumn afternoon, colorful trees behind. The dog sits on the gravel on his leash, panting lightly, his long sable coat fluffed up in the cool air, looking at the camera and then at a passing leaf. Sound: creek, falling leaves, owner says "one more... got it".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Approaching the bridge

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Quiet country gravel road, overcast autumn afternoon, orange and yellow trees on both sides. Ahead stands an old red wooden covered bridge over a creek. The dog walks on a leash toward it, ears pricked at the dark opening, fluffy tail swaying. Sound: gravel crunching, creek rushing softly, crows in the distance.

Clip 2 | 5-10s | Echoing planks

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
