Running Up the Wildflower Hill

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A breezy spring day on a hill covered in wildflowers: running up on a long line, sprinting back to the owner, sniffing flowers, resting at the top and a water break.

TIMELINE

0-5s	Run up the hill
5-10s	Sprinting back
10-15s	Sniffing flowers
15-20s	Rest at the top
20-25s	Water break

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Run up the hill): Grassy hillside covered in yellow and purple wildflowers, breezy spring afternoon, patchy clouds and sunshine. The dog runs up a narrow dirt path on a long orange line, his fluffy tail streaming behind him, the owner's legs following from below. Sound: wind, panting, footsteps, owner says "go on!". 5-10s (Sprinting back): Top of the wildflower hill, point of view from the owner standing on the path, partly cloudy spring light. The dog turns and sprints back toward the camera through the flowers, ears back, long coat bouncing with every stride, then skids to a stop at the owner's feet. Sound: rapid paws on grass, heavy panting, owner laughing. 10-15s (Sniffing flowers): Wildflower hillside, sunny spring afternoon, breeze bending the flowers. The dog noses slowly through a patch of yellow and purple blooms, sniffing each one, a small white butterfly flutters past his face and he follows it with his eyes, ears turning. Sound: breeze, bees humming, soft sniffing. 15-20s (Rest at the top): Top of the hill, tall grass and wildflowers, partly cloudy spring sky, fields below. The dog lies down in the grass, panting, tongue out, the wind blowing through the long fur on his neck and chest. The owner's hand rests on his back. Sound: strong breeze, panting, distant birds. 20-25s (Water break): Same hilltop, sunny spring afternoon. The owner squeezes water from a dog water bottle with a flip-out trough, and the dog drinks from it with loud laps, then shakes his head, gets up and trots off down the path through the flowers. Sound: water squirting, lapping, collar tag jingling.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Run up the hill

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
