Grassy Hill Rolling Day

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A sunny afternoon on a grassy park slope: back wiggles at the top, running beside the kid rolling down, racing up and down, a sideways slide and picking grass out of his coat.

TIMELINE

0-5s	Back wiggle
5-10s	Kid rolls down
10-15s	Racing up and down
15-20s	Sideways slide
20-25s	Grass picking

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Back wiggle): Top of a gentle grassy slope in a public park, sunny afternoon, short green grass, trees at the bottom. The dog flops onto his back and wiggles side to side with all four legs in the air, grunting happily, his fluffy coat getting covered in grass clippings. Sound: happy grunts, grass rustling, owner laughing "you goof". 5-10s (Kid rolls down): Gentle grassy park slope, sunny afternoon. A girl of about ten rolls sideways down the soft slope while the owner walks nearby, and the dog trots beside her, sniffing her hair and wagging, giving one happy bark. At the bottom she sits up laughing and hugs him. Sound: girl laughing, one happy bark, grass swishing. 10-15s (Racing up and down): Grassy park hill, bright afternoon sun, point of view from the owner standing at the top. The dog races up the slope toward the camera, turns and runs back down, ears back and long tail flowing, then charges up again, panting. Sound: paws thudding on grass, panting, owner says "again?". 15-20s (Sideways slide): Middle of the gentle grassy slope, sunny afternoon. The dog drops onto his side and rubs his shoulder into the grass, sliding a short way down the slope, then hops up and gives a big shake, grass bits flying out of his long coat. Sound: grass rustling, loud shake, kids laughing in the distance. 20-25s (Grass picking): Bottom of the park hill in the shade of a tree, afternoon light. The dog lies on the grass panting while the owner's fingers pick dry grass clippings out of the thick fur on his neck and tail. He licks the owner's wrist. Sound: panting, birds, owner says "half the park is in your fur".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Back wiggle

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Top of a gentle grassy slope in a public park, sunny afternoon, short green grass, trees at the bottom. The dog flops onto his back and wiggles side to side with all four legs in the air, grunting happily, his fluffy coat getting covered in grass clippings. Sound: happy grunts, grass rustling, owner laughing "you goof".

Clip 2 | 5-10s | Kid rolls down

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
