Visiting the Local Fire Station

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A visit to the fire station open house: arriving at the big bay doors, meeting a firefighter, sniffing the huge truck tire, checking out the boots and helmet, and a water break.

TIMELINE

0-5s	Arriving at the bay
5-10s	Meeting a firefighter
10-15s	Sniffing the tire
15-20s	Boots and helmet
20-25s	Water break

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Arriving at the bay): Outside a red brick fire station, sunny morning, the big bay doors rolled open and a red fire truck parked inside with no lettering visible. The dog walks on a short leash beside the owner's legs across the concrete apron, ears forward and nose working. Sound: distant radio chatter, footsteps, the dog sniffing. 5-10s (Meeting a firefighter): Fire station bay entrance, bright morning light. A firefighter in navy work pants and black boots crouches and holds out a hand. The dog, on his leash, sniffs the hand, then wags his fluffy tail as the firefighter pets the long fur on his neck. Sound: firefighter says "hey big guy", tail thumping the owner's leg, laughter. 10-15s (Sniffing the tire): Inside the fire station bay, overhead fluorescent lights and daylight from the open doors, smooth grey concrete floor. The dog on his leash sniffs a huge black fire truck tire, standing on his toes to smell higher, then looks up at the shiny red truck. Sound: echoing bay, sniffing, owner whispers "that's a big truck". 15-20s (Boots and helmet): Fire station bay, overhead lights, a wooden bench along the wall with a pair of tall black boots and a helmet on it. The dog on his leash sniffs the boots carefully, ears twitching at the smoky smell, then steps back and sits beside the owner. Sound: quiet echo, sniffing, a firefighter laughs nearby. 20-25s (Water break): Just inside the open bay door, morning sunlight on the concrete. A steel water bowl sits on the floor and the dog drinks from it on his leash, then sits calmly beside the owner's legs, panting, watching the firefighters chat in the background. Sound: lapping water, background chatter, owner says "thank you so much".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Arriving at the bay

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
