## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Walking in): Entrance of a small bookstore, afternoon daylight through the front window, worn wooden floor and tall wooden shelves. The owner opens the door and the dog walks in on a short leash, nose up, sniffing the papery air, tail swaying slowly. Sound: small bell on the door ringing, floorboards creaking, quiet store. 5-10s (Sniffing the shelves): Bookstore aisle, warm afternoon light and ordinary ceiling lamps, rows of books with blurry unreadable spines. The dog on his leash walks slowly along the bottom shelf, sniffing the books one by one, his fluffy tail brushing the shelf behind him. Sound: sniffing, soft footsteps, pages turning somewhere. 10-15s (Counter biscuit): Bookstore front counter, afternoon window light, a glass jar of dog biscuits on the wooden counter. A bookseller's hand reaches over the edge and offers a biscuit. The dog sits on his leash, takes it gently and crunches it, tail sweeping the floor. Sound: jar lid clinking, crunching, bookseller says "there's my favorite customer". 15-20s (Rug nap): Reading corner of the bookstore, a worn red rug and an old armchair, warm lamp light. The owner sits in the armchair holding an open book with its cover facing away. The dog lies on the rug at the owner's feet, leash slack, chin on his paws, eyes closing. Sound: pages turning, quiet store sounds, a sleepy dog sigh. 20-25s (Heading home): Sidewalk outside the bookstore, late afternoon daylight, the shop window behind with nothing readable. The owner carries a small brown paper bag and the dog trots beside the owner's legs on his leash, looking up happily as they walk away. Sound: street sounds, paper bag rustling, footsteps.

#### HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
