Picking Our Christmas Tree Together

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A cold afternoon at a Christmas tree farm: walking the rows of evergreens, sniffing the trees, watching the chosen tree carried out, trotting beside the cart and sniffing it at home.

TIMELINE

0-5s	Walking the rows
5-10s	Sniffing a tree
10-15s	Watching the tree
15-20s	Beside the cart
20-25s	Tree at home

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Walking the rows): Christmas tree farm, cold overcast December afternoon, rows of green evergreen trees and muddy grass paths. The dog walks on a leash between the rows ahead of the camera, breath steaming, fluffy tail swaying, sniffing the base of the trees. Sound: boots on wet grass, distant voices, cold wind. 5-10s (Sniffing a tree): Tree farm row, grey winter daylight. The dog stops at a full green fir tree and pushes his nose into the lower branches, sniffing deeply, needles brushing his face. He pulls back, sneezes and wags his tail. A few needles stick to his long ear fur and he shakes them off. Sound: branches rustling, a sneeze, owner says "this one?". 10-15s (Watching the tree): Open path between tree rows, cold overcast afternoon. The dog sits on his leash beside the owner's legs, watching a farm worker in a heavy jacket carry a cut fir tree past them, ears forward and head turning to follow it. Sound: tree branches dragging, worker says "good looking dog", wind. 15-20s (Beside the cart): Muddy farm path, grey December light, a wooden cart with the wrapped tree on it being pulled by the owner. The dog trots beside the cart on a loose leash, sniffing the tree now and then, tail up. Other rows of trees and a small wooden barn sit in the background. Sound: cart wheels creaking, footsteps in mud, panting. 20-25s (Tree at home): Living room in the evening, warm ordinary lamps, the new fir tree standing undecorated in a stand by the window. The dog sniffs all around the bottom of the tree, then lies down next to it with a satisfied sigh. Sound: soft background TV, sniffing, owner laughing "he picked it".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Walking the rows

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Christmas tree farm, cold overcast December afternoon, rows of green evergreen trees and muddy grass paths. The dog walks on a leash between the rows ahead of the camera, breath steaming, fluffy tail swaying, sniffing the base of the trees. Sound: boots on wet grass, distant voices, cold wind.

Clip 2 | 5-10s | Sniffing a tree

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
