Treibball Practice in the Backyard

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Practicing treibball with a big exercise ball: first sniff, nose pushes, circling to push toward a small goal, scoring and resting with his chin on the ball.

TIMELINE

0-5s	Meeting the ball
5-10s	Nose pushes
10-15s	Circling around
15-20s	Scoring the goal
20-25s	Resting on the ball

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Meeting the ball): Backyard, overcast afternoon, patchy green lawn, wooden fence. The owner's hands roll a big blue exercise ball onto the grass. The dog walks up, sniffs it, and gives it a careful nudge with his nose, jumping back a little when it rolls. Sound: ball rolling on grass, owner laughing, birds. 5-10s (Nose pushes): Same backyard lawn, overcast daylight. The dog puts his nose against the big blue ball and pushes it forward across the grass, walking behind it with his head low and his fluffy tail swaying, keeping it rolling. He stops once to look back at the owner, then pushes again. Sound: soft thumps of nose on ball, paws on grass, owner says "push, push". 10-15s (Circling around): Backyard, overcast afternoon, a small black soccer net set up near the fence. The owner points from the side and the dog circles around behind the ball, then starts pushing it toward the net, glancing at the owner for direction. Sound: owner says "go around", paws thudding, panting. 15-20s (Scoring the goal): Backyard near the fence, grey daylight. The dog gives the big blue ball a last push and it rolls into the small soccer net, rattling it. He turns to the owner and gets a treat from the hand, wagging hard. Sound: net rattling, owner cheering "goal!", treat crunch. 20-25s (Resting on the ball): Backyard lawn, late afternoon, overcast. The dog lies down on the grass beside the big blue ball, panting, and rests his chin on top of it. The owner's hand reaches in and ruffles the long fur on his neck. He closes his eyes for a moment, very content after his work. Sound: panting, birds, owner says "good teamwork".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Meeting the ball

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
