Meeting Another German Shepherd on Our Walk

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A calm afternoon walk where he meets a fellow German Shepherd: leash up, spotting the other dog, a polite sniff hello, walking side by side and a tired flop back home.

TIMELINE

0-5s	Leash up
5-10s	Spotting the other dog
10-15s	Polite sniff hello
15-20s	Walking side by side
20-25s	Home flop

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Leash up): Front hallway of a small house, afternoon daylight coming through the door glass, sneakers and a doormat on the floor. The owner's hand clips a black leash to the dog's navy collar. He sits but his fluffy tail sweeps the floor back and forth, and he keeps looking at the door handle. Sound: leash clip clicking, tail swishing on the floor, owner says "ready?". 5-10s (Spotting the other dog): Quiet residential sidewalk, overcast afternoon light, parked cars and trimmed hedges. The dog walks ahead on a loose leash, then stops and lifts his head, ears forward. Far down the sidewalk a woman walks a short-coat black and tan German Shepherd on a red leash toward them. Sound: distant car passing, birds, owner whispers "oh, look who it is". 10-15s (Polite sniff hello): Same sidewalk under grey afternoon sky, beside a low brick garden wall. Both owners hold their leashes short. The two dogs stretch their necks and touch noses, then sniff each other's shoulders calmly, tails wagging low and loose. The other owner's legs and hand are visible on the right. Sound: soft sniffing, tags jingling, the other owner laughs "they like each other". 15-20s (Walking side by side): Neighborhood street with fallen leaves along the curb, cloudy daylight. The two dogs walk in the same direction about two meters apart, each on its own leash next to its owner. The long-coat dog glances over at the other dog, his fluffy tail held high and swaying as he trots. Sound: footsteps on pavement, leaves crunching, light chatter between owners. 20-25s (Home flop): Living room at home, late afternoon light from a window, grey carpet and a worn sofa. The dog walks in with the leash still dragging, drinks briefly from a steel bowl by the wall, then flops onto his side on the carpet, his thick fur spreading out, and lets out a long sigh. Sound: water lapping, a heavy thump on the carpet, a long contented sigh.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Leash up

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Front hallway of a small house, afternoon daylight coming through the door glass, sneakers and a doormat on the floor. The owner's hand clips a black leash to the dog's navy collar. He sits but his fluffy tail sweeps the floor back and forth, and he keeps looking at the door handle. Sound: leash clip clicking, tail swishing on the floor, owner says "ready?".

Clip 2 | 5-10s | Spotting the other dog

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
