Therapy Visit at the Nursing Home

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A gentle visit to a nursing home: putting on his blue vest, walking the hallway, a resident petting him, resting his chin on a knee and a sleepy ride home.

TIMELINE

0-5s	Putting on the vest
5-10s	Walking the hallway
10-15s	Gentle petting
15-20s	Chin on a knee
20-25s	Sleepy ride home

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Putting on the vest): Parking lot outside a single-story brick building, cloudy late morning light. The dog stands beside the open car door while the owner's hands buckle a plain light blue vest around his chest. His fluffy chest fur pokes out over the straps and he licks his lips and waits patiently. Sound: vest buckle clicking, a car passing, owner says "time to work, buddy". 5-10s (Walking the hallway): Bright nursing home hallway with pale yellow walls, handrails and ceiling lights, shiny vinyl floor. The dog walks calmly at the owner's side on a short leash, his nails clicking softly. A staff member in light blue scrubs smiles and bends down to let him sniff her hand. Sound: nails clicking on the floor, quiet voices, a door closing softly. 10-15s (Gentle petting): Common room with large windows and soft overcast daylight, floral armchairs. An elderly woman in a cardigan sits in an armchair and strokes the top of the dog's head with a slow hand. He sits very still beside her, eyes half closed, his long neck fur moving under her fingers. Sound: quiet room, the woman says "oh, you're so soft", a clock ticking. 15-20s (Chin on a knee): Same common room, daylight from the windows, a television off in the corner. An elderly man in a wheelchair with a plaid blanket on his lap leans forward. The dog steps closer and gently rests his chin on the man's knee, tail moving slowly, while the man scratches behind his ear. Sound: the man chuckles softly, tail brushing the floor, low conversation. 20-25s (Sleepy ride home): Back seat of a car, flat afternoon daylight through the windows, grey fabric seats covered with an old towel. The dog, vest off, lies stretched across the seat with his head on the towel and his eyes slowly closing. The owner's arm reaches back and rubs his fluffy side. Sound: engine humming, turn signal ticking, owner says "you did so good today".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Putting on the vest

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Parking lot outside a single-story brick building, cloudy late morning light. The dog stands beside the open car door while the owner's hands buckle a plain light blue vest around his chest. His fluffy chest fur pokes out over the straps and he licks his lips and waits patiently. Sound: vest buckle clicking, a car passing, owner says "time to work, buddy".

Clip 2 | 5-10s | Walking the hallway

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
