Reading Buddy at the Library

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A quiet library reading program: walking in, settling on the rug, a girl reading to him, him resting his head beside her and a goodbye pat.

TIMELINE

0-5s	Walking in
5-10s	Settling on the rug
10-15s	Story time
15-20s	Head on her lap
20-25s	Goodbye pat

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Walking in): Entrance of a small public library, glass doors and a carpeted lobby, soft overcast daylight mixed with ceiling lights. The dog walks in beside the owner on a short leash, sniffing the air and looking around at the low shelves of books, tail swaying gently. Sound: glass door sliding, quiet footsteps, a soft beep from a scanner. 5-10s (Settling on the rug): Children's corner of the library, a round blue rug, bean bags and low wooden shelves, warm ceiling lights and window daylight. The dog turns a slow circle on the rug and lies down with a soft grunt, his long fluffy tail curling around his back legs. Sound: soft grunt, quiet whispering, pages turning somewhere nearby. 10-15s (Story time): Same children's corner, soft lamp light and daylight. A girl of about seven sits cross-legged next to the dog holding an open picture book that faces away from the camera, reading quietly to him. He lies beside her, ears turning toward her voice, blinking slowly. Sound: girl reading softly, the dog's slow breathing, a page turning. 15-20s (Head on her lap): Same blue rug in the library, warm indoor light. The dog shifts closer and lays his head gently on the girl's knee while she keeps reading. She rests one small hand on his thick neck fur. Her mother sits on a low chair just behind her, smiling. Sound: soft reading voice, the dog sighs, the mother whispers "look at him". 20-25s (Goodbye pat): Library lobby near the doors, daylight and ceiling lights. The girl closes her book and gives the dog a careful two-handed pat on the head. He sits politely and wags his fluffy tail, sweeping the carpet, then stands and follows the owner's legs toward the glass doors. Sound: girl says "bye, see you next week", tail swishing, door sliding open.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Walking in

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Entrance of a small public library, glass doors and a carpeted lobby, soft overcast daylight mixed with ceiling lights. The dog walks in beside the owner on a short leash, sniffing the air and looking around at the low shelves of books, tail swaying gently. Sound: glass door sliding, quiet footsteps, a soft beep from a scanner.

Clip 2 | 5-10s | Settling on the rug

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
