MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Posing for art): Kitchen table on a rainy afternoon, grey light through the window and a ceiling lamp on. Two kids sit at the table with crayons and paper, looking down at the dog and then at their papers. The dog sits on the beige tile floor beside the table, panting gently, ears up. Sound: rain on the window, crayons scratching on paper, a kid says "don't move". 5-10s (Crayon sniff): Same kitchen, rainy grey daylight and warm ceiling light, beige tiles. A blue crayon rolls off the edge of the table and lands near the dog's paws. He lowers his head to sniff it, then looks up. A boy quickly reaches down and picks it up, laughing. Sound: crayon clattering on tile, sniffing, boy giggles "that's not food". 10-15s (Seeing the drawing): Kitchen by the table, rainy afternoon light. A girl turns in her chair and holds her drawing out toward the dog, the paper facing the dog and away from the camera. The dog stretches his neck and sniffs the edge of the paper, tail wagging slowly. Sound: paper rustling, girl says "that's you, see?", soft sniffing. 15-20s (Thank-you hugs): Same kitchen, grey window light and ceiling lamp. Both kids slide off their chairs and wrap their arms around the dog's fluffy neck from each side. He stands still, leaning slightly into them, his tail swaying, and licks the boy's cheek once. Sound: kids laughing, chairs scraping, owner says "gentle hugs". 20-25s (Resting by the art): Living room carpet on a rainy evening, a floor lamp on, a stack of drawings face down on the coffee table. The dog lies on the carpet next to the coffee table, head on his paws, eyes heavy, while a kid's hand strokes his long tail fur. Sound: rain, quiet TV in another room, a sleepy sigh.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
