Granddad Shares His Old Chair

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A cozy afternoon at granddad's house and his favorite worn armchair: the dog asks to come up, settles beside him, gets ear rubs, watches him read and naps with him.

TIMELINE

0-5s	Asking to come up
5-10s	Squeezing in
10-15s	Ear rubs
15-20s	Reading time
20-25s	Nap together

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Asking to come up): Granddad's living room with wood paneling, a worn brown leather armchair and a lace curtain, soft overcast daylight. The dog stands beside the chair and rests his chin on the armrest, looking up. Granddad, in a grey sweater, pats the wide cushion next to his leg. Sound: old clock ticking, granddad says "come on then", tail thumping. 5-10s (Squeezing in): Same living room, cloudy daylight through the lace curtain. The dog climbs up carefully with his front paws on the cushion and his back legs on a low footstool, then half lies across granddad's lap and the chair, his long fluffy tail hanging down the side. Sound: leather creaking, granddad laughs "you're too big for this". 10-15s (Ear rubs): Close view of the armchair in the living room, soft window light, a knitted throw over the back. Granddad's wrinkled hand rubs the dog's fluffy ear slowly. The dog leans his head into the hand and closes his eyes, mouth relaxed. Sound: soft rubbing, a deep doggy sigh, the clock ticking. 15-20s (Reading time): Living room, afternoon daylight with a reading lamp switched on. Granddad holds a folded newspaper facing away from the camera, reading. The dog lies stretched along his legs and the chair, eyes open, watching the paper move when granddad turns a page. Sound: newspaper rustling, quiet radio in the background. 20-25s (Nap together): Same living room, late afternoon with dimmer grey light and the lamp on. Granddad has dozed off with his head tilted back, one hand resting on the dog's thick back. The dog is asleep too, chin on the armrest, his side rising and falling slowly. Sound: soft snoring from both, clock ticking, owner whispering "shh".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Asking to come up

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Granddad's living room with wood paneling, a worn brown leather armchair and a lace curtain, soft overcast daylight. The dog stands beside the chair and rests his chin on the armrest, looking up. Granddad, in a grey sweater, pats the wide cushion next to his leg. Sound: old clock ticking, granddad says "come on then", tail thumping.

Clip 2 | 5-10s | Squeezing in

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
