MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (The yarn basket): Grandma's sitting room with floral wallpaper, a wicker basket of yarn, soft morning light through the window. Grandma sits on the sofa holding a small finished green knitted bandana. The dog sits in front of her and sniffs the soft knit carefully, ears forward. Sound: grandma says "I made this just for you", sniffing, birds outside. 5-10s (Trying it on): Same sitting room, morning daylight, a cup of tea on the side table. Grandma leans forward and ties the green bandana loosely around the dog's neck, over his thick fluffy fur. He sits patiently, chin lifted slightly, tail sweeping the carpet. Sound: tail swishing, grandma hums, the owner laughs softly. 10-15s (Big shake): Sitting room carpet, bright morning light. The dog stands up and gives a full-body shake, his long fur flying and his ears flapping, but the knitted bandana stays on. He looks up at grandma afterward and wags. A few loose hairs float down onto the carpet. Sound: ears flapping, collar tag jingling, grandma laughs "it stays!". 15-20s (Showing it off): Grandma's back garden with rose bushes, a stone path and a wooden bench, sunny late morning. The dog trots along the stone path wearing the green bandana, his fluffy tail high, then stops to sniff a rose bush and looks back at the camera. Sound: birds, bees buzzing, owner says "very handsome". 20-25s (Porch photo): Front porch of grandma's house with white railings and potted geraniums, bright midday daylight. Grandma sits on a porch chair with one hand on the dog's back. He sits beside her in the green bandana, panting, and leans his shoulder against her knee. Sound: owner says "look here, both of you", grandma chuckles, wind chime.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
