MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Calm watcher): Living room with a soft grey rug, a low coffee table with padded corners and toys scattered around, bright morning daylight. A baby stands holding the coffee table edge with mom kneeling right beside her. The dog lies calmly on the rug a little away, head up, watching. Sound: baby babbling, mom says "you can do it", a soft tail thump. 5-10s (First wobbly steps): Same living room, morning sun on the rug. Mom kneels a short distance away with her arms open, and dad's hands let go of the baby. The baby takes three wobbly steps toward mom. The dog stays lying down, his ears turning toward the baby. Sound: mom gasping "oh my gosh", baby squeals, dad laughs. 10-15s (Soft sit-down): Living room rug, bright daylight, a basket of soft toys nearby. The baby plops down on her padded bottom right into mom's arms, and mom scoops her up laughing. The dog lifts his head higher and his fluffy tail sweeps once across the rug. Sound: baby laughing, mom cheering softly, tail swishing on the rug. 15-20s (Gentle sniff): Same room, mom sitting on the rug holding the baby securely in her lap. The dog, still lying down, stretches his neck forward and gently sniffs the baby's sock. The baby pats the air toward him and mom holds her close. Sound: soft sniffing, baby giggles, mom says "gentle, good boy". 20-25s (Family on the rug): Living room, late morning light, the rug covered with toys. Mom and dad sit on the rug with the baby between them. The dog lies right next to dad with his chin on dad's knee, eyes soft, while dad strokes his thick neck fur. Sound: happy chatter, baby babbling, a calm sigh from the dog.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
