Morning Run With My Teenage Son

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

An early run with my teenage son: tying shoes, jogging down the street, the park path, a water break and a cool-down on the lawn.

TIMELINE

0-5s	Tying shoes
5-10s	Street jog
10-15s	Park path
15-20s	Water break
20-25s	Lawn cool-down

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Tying shoes): Front porch steps of a house, cool early morning with pale blue light and dew on the lawn. A teenage boy in a hoodie sits on the step tying his running shoes. The dog stands beside him wearing a harness and leash, tail wagging, nudging his elbow with his nose. Sound: birds, shoelaces pulling, son says "okay, okay, I'm coming". 5-10s (Street jog): Empty residential street at sunrise, soft orange sky behind the houses, damp asphalt. The son jogs along the edge of the road holding the leash, and the dog trots beside him at an easy pace, his long fur bouncing. The camera follows from behind, bouncing with each step. Sound: footsteps on pavement, heavy breathing, tags jingling. 10-15s (Park path): Paved path through a quiet park, early morning light through the trees, dew on the grass. The son and the dog jog side by side past a park bench. The dog looks up at the son for a moment, mouth open, tongue out, ears back with the breeze. Sound: steady panting, birds, distant sprinklers. 15-20s (Water break): Next to a park drinking fountain, morning sun now brighter. The son crouches and pours water from a bottle into a collapsible bowl on the ground. The dog drinks quickly, water dripping from his chin onto the concrete, while the son catches his breath. Sound: water pouring, loud lapping, son breathing hard "you're faster than me". 20-25s (Lawn cool-down): Front lawn back home, bright clear morning, wet grass. The son lies flat on his back on the grass, arms spread. The dog lies down next to him panting, then rests his fluffy head on the son's chest. The son rubs the dog's ears and catches his breath. Sound: panting, son laughing tiredly, a car door shutting somewhere.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Tying shoes

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
