MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Push-up inspection): Open garage turned into a small home gym, a rubber floor mat, a bench and dumbbells, morning daylight from the open garage door. Dad does push-ups on the floor. The dog stands beside him and sniffs his ear each time he goes down. Sound: dad grunting, the dog sniffing, dad laughs "stop it". 5-10s (Stolen yoga mat): Same garage gym, bright morning light on the concrete floor. Dad turns to grab a water bottle, and the dog steps onto the purple yoga mat and lies down across it, his long coat spreading out over the mat. He looks up at dad, totally relaxed. Sound: dad says "that's my mat", the owner filming laughs. 10-15s (Sit-up licks): Garage gym, morning daylight, dumbbells on the floor. Dad does sit-ups on the rubber mat next to the dog. Every time dad comes up, the dog leans in and licks his cheek, tail wagging, until dad gives up laughing and lies back. Sound: dad laughing, wagging tail hitting the bench, panting. 15-20s (Jumping jacks): Driveway outside the garage, cool clear morning, a parked car to the side. Dad does jumping jacks on the concrete. The dog sits a few steps away, head tilting and ears moving as he watches, then gives one short excited bark. Sound: sneakers slapping concrete, one bark, dad counting "eight, nine, ten". 20-25s (Water break): Garage doorway, morning sun on the driveway. Dad sits on the bench drinking from a bottle, sweaty. The dog drinks from his own steel bowl beside him, then rests his dripping chin on dad's knee and looks up. Sweat drips from dad's forehead as he pats the dog's back. Sound: gulping, lapping, dad says "good workout, partner".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
