MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Gate greeter): Backyard wooden gate with a few colorful balloons tied to the fence, sunny late afternoon. A young woman in a sundress walks in holding a small gift bag. The dog trots up on a loose leash, sniffs her hand and wags his fluffy tail hard. Sound: gate latch clicking, balloons rubbing, the friend says "hi handsome". 5-10s (Under the table): Backyard patio with a wooden picnic table covered in a striped tablecloth, warm afternoon sun and string lights not yet on. A few adults sit chatting. The dog lies under the table between their feet, chin on his paws, watching everyone's legs. Sound: people chatting and laughing, glasses clinking, birds. 10-15s (Birthday biscuit): Patio next to the picnic table, sunny afternoon. The birthday friend crouches and offers a plain bone-shaped dog biscuit on her open hand. The dog sits politely, then takes it gently and crunches it, crumbs falling on the patio stones. Sound: crunching, friend laughs "it's my birthday, but this is for you". 15-20s (Watching the cake): Same backyard, late afternoon sun, a small cake with lit candles on the table. People stand around singing. The dog sits on the grass a few steps away next to the owner's legs, ears up, watching the candles and the people clapping. Sound: happy birthday singing, clapping, the dog's tail sweeping grass. 20-25s (Party crash): Backyard lawn in early evening, string lights now on, soft fading daylight. The dog lies on his side on the grass next to the patio, completely worn out, while a guest sitting on a lawn chair rubs his fluffy belly with one foot. Sound: quiet chatter, crickets starting, a long sleepy groan.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
