MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Carrying the paper): Short concrete path between two houses, low hedge, clear cool morning sun. The dog trots ahead holding a rolled newspaper in a plastic sleeve in his mouth, tail high and fluffy, heading toward the neighbor's front steps. The owner's legs follow a few steps behind him. Sound: paws on concrete, birds, owner says "take it to her". 5-10s (Porch greeting): Neighbor's front porch with a white railing and a rocking chair, bright morning light. An elderly woman with white hair and a cardigan opens the screen door. The dog drops the newspaper at her slippers and sits, wagging. She bends down slowly to pick up the paper and smiles at him. Sound: screen door creaking, the woman says "my delivery boy is here". 10-15s (Pocket treat): Same porch in the morning sun, potted plants by the door. The neighbor takes a small dog biscuit from her cardigan pocket and holds it out on her open palm. The dog takes it gently and crunches, his long tail sweeping the porch boards. Sound: crunching, tail swishing on wood, the woman chuckles. 15-20s (Sitting together): Neighbor's porch steps, warm morning sun on the wood. The woman sits in the rocking chair and the dog lies on the top step beside her, his head resting near her slippers. She leans down to stroke his fluffy neck slowly. Sound: rocking chair creaking, wind chime, quiet talking. 20-25s (Slow walk back): Path back between the houses, late morning sun. The dog walks slowly beside the owner, stopping once to look back at the porch where the neighbor is waving from her rocking chair. His tail swings gently. Dew still sparkles on the hedge beside the path. Sound: footsteps, neighbor calls "see you next week", birds.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
