Meeting a Retired Police Dog

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

He meets a retired police German Shepherd at the park: the approach, a respectful sniff, sitting side by side, a short walk together and a goodbye.

TIMELINE

0-5s	The approach
5-10s	Respectful sniff
10-15s	Side by side sit
15-20s	Short walk together
20-25s	Goodbye

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (The approach): Park path beside a pond, mild sunny afternoon, benches along the path. An older man walks toward the camera with an older short-coat black and tan German Shepherd with a grey muzzle on a leather leash. The long-coat dog stops on his leash, ears up, watching calmly. Sound: ducks quacking, footsteps on the path, owner says "easy, let's say hi". 5-10s (Respectful sniff): Same park path by the pond, sunny afternoon. Both dogs are on short leashes. The two dogs stretch forward and sniff noses slowly, then the older dog sniffs the long-coat dog's shoulder. Both tails wag low and relaxed. Both handlers stand relaxed, chatting quietly. Sound: soft sniffing, the older man says "he worked eight years on the force". 10-15s (Side by side sit): Next to a park bench, sunny afternoon light, short green grass. The man and the owner both ask for a sit. The two dogs sit about a meter apart, facing the camera, both panting calmly. The old dog's grey muzzle contrasts with the fluffy sable coat beside him. Sound: man says "sit", owner says "sit", ducks in the background. 15-20s (Short walk together): Paved path along the pond, bright afternoon with light wind rippling the water. The two owners walk slowly side by side, each dog on its own leash on the outside. The older dog walks steadily, the long-coat dog matching his slow pace. Sound: footsteps, wind, the owners chatting quietly. 20-25s (Goodbye): Park entrance near a gravel parking area, late afternoon sun. The older man pats the long-coat dog's head once and walks off with his dog. The long-coat dog watches them go, then looks up at the camera with his tail swaying. Sound: gravel crunching, man says "take care, young fella", birds.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | The approach

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Park path beside a pond, mild sunny afternoon, benches along the path. An older man walks toward the camera with an older short-coat black and tan German Shepherd with a grey muzzle on a leather leash. The long-coat dog stops on his leash, ears up, watching calmly. Sound: ducks quacking, footsteps on the path, owner says "easy, let's say hi".

Clip 2 | 5-10s | Respectful sniff

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Same park path by the pond, sunny afternoon. Both dogs are on short leashes. The two dogs stretch forward and sniff noses slowly, then the older dog sniffs the long-coat dog's shoulder. Both tails wag low and relaxed. Both handlers stand relaxed, chatting quietly. Sound: soft sniffing, the older man says "he worked eight years on the force".

Clip 3 | 10-15s | Side by side sit

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
