Big Brother to Our Foster Puppy

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

He becomes a patient big brother to our tiny foster puppy: watching the crate, letting the puppy sniff him, side by side chewing, a backyard follow and napping on separate beds.

TIMELINE

0-5s	Watching the crate
5-10s	Puppy sniff
10-15s	Side by side chewing
15-20s	Backyard follow
20-25s	Separate beds

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Watching the crate): Living room corner with a wire crate and a soft blanket inside, morning daylight from the window. A tiny short-haired tan mixed-breed puppy with a red collar sleeps in the crate. The dog lies on the floor outside the crate, chin on his paws, watching it. Sound: puppy's tiny snores, a clock ticking, owner whispers "he's guarding her". 5-10s (Puppy sniff): Living room rug, soft morning light. The small tan puppy toddles over and sniffs the dog's big fluffy front paw. The dog stays lying perfectly still, only his eyes following her, his tail moving slowly on the rug. Her little tail wags as she sniffs his toes. Sound: tiny sniffing, soft tail thump, owner says "so gentle". 10-15s (Side by side chewing): Same living room, afternoon daylight, a few toys on the rug. The puppy chews a small rope toy on one side, and the dog chews his own rubber bone a short distance away, both lying on the rug, occasionally glancing at each other. Sound: chewing noises, the puppy's small growls at the rope, quiet house. 15-20s (Backyard follow): Backyard with short grass and a wooden fence, mild sunny afternoon. The dog walks slowly across the lawn, and the tiny tan puppy follows close behind on her short legs. The owner's legs walk nearby. The dog stops and waits for her. Sound: birds, little paws on grass, owner laughs "follow your big brother". 20-25s (Separate beds): Living room in the evening, warm lamp light. The dog sleeps stretched out on his big grey bed, and the tiny puppy sleeps curled up on a small round bed placed right next to it. The dog's fluffy tail rests over the edge toward her. Sound: soft breathing, a lamp hum, owner whispers "best big brother".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Watching the crate

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Living room corner with a wire crate and a soft blanket inside, morning daylight from the window. A tiny short-haired tan mixed-breed puppy with a red collar sleeps in the crate. The dog lies on the floor outside the crate, chin on his paws, watching it. Sound: puppy's tiny snores, a clock ticking, owner whispers "he's guarding her".

Clip 2 | 5-10s | Puppy sniff

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
