MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Laying the blanket): Open grassy area in a city park, sunny early afternoon, a few trees and a pond in the distance. The owner's partner spreads a red checkered blanket on the grass. The dog walks right onto the middle of it and lies down before it is even flat. Sound: blanket flapping, partner laughs "of course you do", birds. 5-10s (Lying with us): Same picnic blanket in the park, bright afternoon sun, a wicker basket beside it. The couple sits on the blanket and the dog lies between them, his fluffy back pressed against the owner's leg, ears twitching at passing birds. A soft breeze moves the grass around the blanket. Sound: soft chatter, birds, distant kids playing. 10-15s (His own snack): Picnic blanket, sunny afternoon, sandwiches in containers on the side. The owner's hand takes a plain dog chew from the basket and holds it out. The dog takes it gently and lies down chewing it, holding it between his front paws. Sound: crunching, owner says "this one's yours", wind in the trees. 15-20s (Lemonade toast): Same blanket in the park, warm late afternoon sun. Two hands clink plastic cups of lemonade in front of the camera. The dog lifts his head between them, sniffs toward the cups, then sneezes and lays his head back down. Sound: cups tapping, partner says "happy anniversary", a dog sneeze, laughter. 20-25s (Pond stroll): Path around the park pond in the early evening, soft warm light and calm water with ducks. The couple walks slowly holding hands, and the dog walks beside them on a loose leash, his long coat moving in the breeze. Sound: ducks, footsteps, gentle wind, partner says "five years with this guy".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
