# The Day We Picked Our Puppy

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

## VIDEO IDEA

A calm visit to the breeder's yard where we met him for the first time: littermates in the pen, sniffing our shoes, the first hold, a goodbye sniff with a littermate and falling asleep in our lap.

## TIMELINE

| | |
|---|---|
| **0-5s** | Littermates in the pen |
| **5-10s** | Sniffing my shoes |
| **10-15s** | First little hold |
| **15-20s** | Goodbye sniff |
| **20-25s** | Asleep in our lap |

## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 9-week-old male long-coat German Shepherd puppy, sable grey-brown fluffy fur with dark tips, oversized paws and floppy fuzzy ears, wearing a small navy blue collar. 0-5s (Littermates in the pen): Breeder's backyard on a mild overcast morning, short patchy grass inside a low wire pen, a wooden shed and a stack of old towels behind it. Three fluffy sable littermates nap in a pile in the corner while the puppy waddles toward the camera on his oversized paws, sniffing the grass, his fuzzy ears flopping with every step. Sound: birds, soft puppy squeaks, owner whispers "look at that one". 5-10s (Sniffing my shoes): Same breeder's yard, flat overcast daylight, grass inside the wire pen. The owner crouches down, worn white sneakers on the grass. The puppy sniffs the shoelaces very carefully, tugs one lace gently with his tiny teeth, then plops down right on the owner's foot and looks up at the camera with sleepy eyes. Sound: quiet yard, tiny growl at the shoelace, owner laughs softly. 10-15s (First little hold): Breeder's yard, soft overcast light, the wire pen and wooden shed in the background. The owner's hands lift the puppy gently under his chest and back legs and hold him close against a grey hoodie. The puppy sniffs the owner's chin, gives one small lick and settles down, his fuzzy ears pressed flat. Sound: soft breathing, a tiny sneeze, owner says "hi, little guy". 15-20s (Goodbye sniff): Inside the low wire pen on the grass, overcast daylight. The owner sets the puppy down and one fluffy littermate wanders over. The two puppies sniff noses for a moment, the littermate toddles back to the napping pile, and the puppy turns and trots straight back to the owner's knee with his little tail wagging. Sound: puppy paws on grass, small squeak, distant rooster. 20-25s (Asleep in our lap): Breeder's yard, overcast late morning, wooden shed behind. The puppy sits in the owner's lap on an old towel on the grass, yawns widely showing tiny teeth, then leans his head against the owner's arm and closes his eyes while the owner's hand slowly strokes his fluffy back. Sound: tiny yawn squeak, birds, owner whispers "I think he picked us".

## AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

## CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

### Clip 1 | 0-5s | Littermates in the pen

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 9-week-old male long-coat German Shepherd puppy, sable grey-brown fluffy fur with dark tips, oversized paws and floppy fuzzy ears, wearing a small navy blue collar. Breeder's backyard on a mild overcast morning, short patchy grass inside a low wire pen, a wooden shed and a stack of old towels behind it. Three fluffy sable littermates nap in a pile in the corner while the puppy waddles toward the camera on his oversized paws, sniffing the grass, his fuzzy ears flopping with every step. Sound: birds, soft puppy squeaks, owner whispers "look at that one".

### Clip 2 | 5-10s | Sniffing my shoes

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. #### HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
