## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Same old path): Riverside gravel path on a breezy autumn afternoon, overcast sky, tall dry reeds along the water. The dog walks ahead on a loose leash, the wind ruffling his long fluffy neck fur and tail. He stops, looks back over his shoulder at the camera and waits for the owner to catch up. Sound: wind, gravel crunching, river trickling. 5-10s (Our bench): Old wooden bench beside the river path, cloudy afternoon light, fallen leaves under it. The owner sits down, jeans and sneakers in view, and the dog sits right beside the owner's legs, then rests his chin on the owner's knee and looks up, his eyebrows twitching. Sound: breeze in the trees, distant ducks, owner says "three years, buddy". 10-15s (Paw shake): Same bench by the river, overcast daylight. The owner holds out an open hand, and the dog lifts his front paw and places it in the palm. The owner gives him a small biscuit from a jacket pocket and he takes it gently, crunching with his ears relaxed. Sound: crunching, owner says "good boy". 15-20s (Porch brushing): Back porch at home in the early evening, soft fading daylight, wooden boards. The dog stands calmly while the owner's hand runs a slicker brush through his fluffy chest and neck fur. Soft tufts of grey-brown fur collect on the boards and drift away in the breeze. Sound: brush strokes, crickets starting, a contented sigh. 20-25s (The lean): Living room at night, warm floor lamp light, brown sofa and a patterned rug. The owner sits on the sofa and the dog walks over, sits on the rug and leans his whole weight sideways against the owner's legs. The owner's hand rubs his ear and he closes his eyes. Sound: quiet room, deep sigh, owner whispers "love you too".

## HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
