Midnight Zoomies

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Everyone is ready for bed except him. A sudden late-night burst: the spark, laps around the couch, a hallway sprint, a play bow at the owner and the final collapse.

TIMELINE

0-5s	The spark
5-10s	Laps around the couch
10-15s	Hallway sprint
15-20s	Play bow
20-25s	Total collapse

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (The spark): Living room late at night, one floor lamp on, dark windows, a grey rug on a wooden floor. The dog is lying calmly on the rug, then suddenly jumps to his feet with wide eyes, hind end tucked low and fluffy tail swishing, staring at the camera. Sound: quiet house, sudden claws on wood, owner whispers "oh no". 5-10s (Laps around the couch): Same living room at night, floor lamp light. The dog races in tight circles around the coffee table and the couch, the rug bunching up under his paws, ears pinned back, his long fluffy fur bouncing as he rounds each corner. A cushion slides off the couch onto the floor. Sound: thudding paws, rug sliding, owner laughing quietly. 10-15s (Hallway sprint): Narrow hallway at night, lit only by light spilling from the bedroom doorway, wooden floor and a laundry basket by the wall. The dog sprints down the hallway away from the camera, skids into a turn and gallops straight back past the owner's feet. Sound: claws scrabbling on wood, a quick skid. 15-20s (Play bow): Living room at night, floor lamp light, owner's legs in plaid pajama pants. The dog drops into a play bow right in front of the owner, front legs flat, tail up and wagging hard, and lets out one low muffled boof. Then he spins away and waits for a reaction. Sound: one low boof, owner says "it's midnight". 20-25s (Total collapse): Corner of the living room at night, dim floor lamp light, a large tan dog bed. The dog flops into the bed on his side, panting hard, tongue out, legs stretched, his fluffy chest heaving. He glances at the camera and lets out a big sigh. Sound: heavy panting, big sigh, owner whispers "are you done now?".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | The spark

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Living room late at night, one floor lamp on, dark windows, a grey rug on a wooden floor. The dog is lying calmly on the rug, then suddenly jumps to his feet with wide eyes, hind end tucked low and fluffy tail swishing, staring at the camera. Sound: quiet house, sudden claws on wood, owner whispers "oh no".

Clip 2 | 5-10s | Laps around the couch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
