Trying to Fit in a Tiny Bed

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

He found his old puppy bed and decided it still fits: sniffing it, stepping in, squeezing down, a happy sigh and ignoring the big bed right next to it.

TIMELINE

0-5s	Found the old bed
5-10s	Stepping in
10-15s	Squeezing down
15-20s	Happy sigh
20-25s	Ignoring the big bed

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Found the old bed): Spare room with a carpet floor, afternoon light from a window with thin curtains, cardboard boxes stacked by the wall. A small round grey puppy bed sits on the carpet. The dog walks over, sniffs the bed all the way around, and wags his fluffy tail slowly. Sound: quiet room, sniffing, owner says "that's your baby bed". 5-10s (Stepping in): Same spare room, soft afternoon daylight. The dog steps into the tiny bed with all four paws squeezed together, turns in a slow circle, then another, his long fluffy tail brushing the boxes as he tries to find a way to lie down. The little bed slides across the carpet under his weight. Sound: bed rustling, owner giggling. 10-15s (Squeezing down): Spare room carpet, afternoon light. The dog finally lies down with only his back half in the little bed, his front legs and head stretched out over the rim onto the carpet, the bed squashed flat under him. His fluffy ears flop to the side as he settles. Sound: soft flop, owner laughing "you do not fit". 15-20s (Happy sigh): Spare room, soft afternoon window light. The dog rests his chin on the carpet, lets out a big satisfied sigh and closes his eyes, his fluffy tail draped over the side of the tiny grey bed, completely comfortable. One back paw twitches as he drifts off. Sound: big sigh, quiet room. 20-25s (Ignoring the big bed): Spare room, afternoon light. The owner's hand pats a large brown dog bed placed right next to the tiny one. The dog opens one eye, looks at the big bed, looks at the camera, and closes his eye again without moving. His fluffy tail gives one slow thump. Sound: hand patting cushion, owner says "this one is yours now".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Found the old bed

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Spare room with a carpet floor, afternoon light from a window with thin curtains, cardboard boxes stacked by the wall. A small round grey puppy bed sits on the carpet. The dog walks over, sniffs the bed all the way around, and wags his fluffy tail slowly. Sound: quiet room, sniffing, owner says "that's your baby bed".

Clip 2 | 5-10s | Stepping in

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
