Sneezing at a Dandelion

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A spring lawn full of dandelion puffs and one very curious nose: sniffing around, a big sneeze, trying again, seeds in the breeze and a happy roll in the grass.

TIMELINE

0-5s	Dandelion lawn
5-10s	Big sneeze
10-15s	Trying again
15-20s	Seeds in the breeze
20-25s	Happy roll

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Dandelion lawn): Front lawn on a bright spring morning, natural daylight, longish green grass dotted with white dandelion puffs, a low brick wall and a sidewalk behind. The dog walks slowly across the lawn with his nose down, sniffing between the dandelions, tail swaying. The grass is still damp with morning dew. Sound: birds chirping, distant car, sniffing. 5-10s (Big sneeze): Same front lawn, bright morning light. The dog pushes his nose right into a dandelion puff and the seeds burst off around his face. He sneezes loudly, shakes his head so his fluffy ears flap, and blinks at the camera. A few white seeds stay stuck to his whiskers. Sound: loud sneeze, ears flapping, owner bursts out laughing. 10-15s (Trying again): Front lawn, spring daylight, dandelions all around. The dog spots another puff, sniffs it carefully, and sends more seeds floating. He sneezes twice in a row, paws at his nose once and wags his tail like it was fun. The breeze carries the seeds away over the sidewalk. Sound: two sneezes, owner says "you did it again". 15-20s (Seeds in the breeze): Front lawn, bright spring morning, light breeze. The dog sits in the grass while a gust carries dandelion seeds past him, his long fluffy neck fur and ears ruffling in the wind. He watches the seeds drift by with his nose twitching. The sky above is clear and pale blue. Sound: breeze, birds, distant wind chime. 20-25s (Happy roll): Front lawn, spring daylight. The dog drops onto his back and rolls in the grass, legs in the air, wriggling side to side with his fluffy tail sweeping the lawn. He flips back upright, white seeds stuck in his coat, and sneezes one last time. Sound: grass rustling, happy grunts, one final sneeze.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Dandelion lawn

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
