Watching the Rain From the Garage

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A quiet rainy afternoon spent in the open garage: watching the downpour, sniffing the wet air, patting a puddle, sitting with the owner and a lazy rest on the old mat.

TIMELINE

0-5s	Garage door open
5-10s	Sniffing wet air
10-15s	Patting a puddle
15-20s	Sitting together
20-25s	Lazy rest

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Garage door open): Open garage on a grey rainy afternoon, concrete floor with oil stains, shelves of paint cans and a bike on the wall. Heavy rain pours down outside onto the driveway. The dog sits right at the edge of the dry concrete, watching the rain, ears forward. Sound: heavy rain drumming, water gurgling in the gutter. 5-10s (Sniffing wet air): Edge of the open garage, grey rainy daylight. The dog stretches his nose out past the edge into the rain, a few drops land on his muzzle and he pulls his head back quickly, blinking and licking his nose. Then he sniffs the air again from a safer distance. Sound: rain splashing, a quick snort, owner laughs. 10-15s (Patting a puddle): Garage entrance, rainy afternoon light, a shallow puddle forming on the concrete. The dog reaches out one front paw and pats the puddle, splashing a little, then shakes his paw and looks at the camera. Rain keeps pouring beyond the open garage door, splashing off the dark driveway. Sound: small splash, rain on the roof. 15-20s (Sitting together): Inside the open garage, grey daylight, the owner sitting on a folding camping chair with a mug in hand. The dog sits beside the chair and leans against the owner's leg, both watching the rain fall on the driveway, his fluffy fur slightly damp on top. Sound: steady rain, mug clink, owner says "nice, huh?". 20-25s (Lazy rest): Garage floor, rainy afternoon light, an old brown doormat near the entrance. The dog lies down on the mat, chin on his paws, eyes half closed, watching the water run down the driveway as his fluffy tail curls around him. The grey light from outside falls across his fluffy back. Sound: rain softening, gutter dripping, a sleepy sigh.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Garage door open

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Open garage on a grey rainy afternoon, concrete floor with oil stains, shelves of paint cans and a bike on the wall. Heavy rain pours down outside onto the driveway. The dog sits right at the edge of the dry concrete, watching the rain, ears forward. Sound: heavy rain drumming, water gurgling in the gutter.

Clip 2 | 5-10s | Sniffing wet air

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
