Banana Slices After the Walk

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Our post-walk routine: leash off, a big drink, the sound of a banana peel, a gentle slice from my fingers and the hopeful wait for one more.

TIMELINE

0-5s	Back from the walk
5-10s	Big drink
10-15s	Peel sound
15-20s	Gentle slice
20-25s	Waiting for more

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Back from the walk): Front hallway late morning, daylight from the open door, shoes on a rack and a coat hook. The owner's hands unclip the leash from the dog's collar. He shakes his whole body, his long fluffy coat puffing out, then trots toward the kitchen. His claws click on the hallway floor as he goes. Sound: leash clip, body shake, tags jingling. 5-10s (Big drink): Kitchen with beige tile floor, late morning window light. The dog drinks noisily from a steel water bowl, water dripping from his chin and the long fur on his chest onto the tiles, then lifts his head and licks his lips. A few drops land on his front paws. Sound: loud lapping, dripping. 10-15s (Peel sound): Same kitchen, daylight from the window, a wooden counter. The owner's hands peel a banana on the counter. The dog's ears shoot up, he walks over and sits down right next to the owner's feet, staring up with his fluffy tail sweeping the floor. Sound: banana peel tearing, tail swishing on tiles, owner laughs "you heard that". 15-20s (Gentle slice): Kitchen, late morning light, beige tiles. The owner's fingers hold out a thin slice of banana low in front of the dog. He takes it very gently with his front teeth, chews, and licks his lips twice, eyes fixed on the rest of the banana. Sound: soft chewing, lip smacking, owner says "gentle". 20-25s (Waiting for more): Kitchen floor, late morning daylight. The dog stays sitting and staring up at the camera, then gives up and lies down on the cool tiles with his chin on his paws, eyes still following the owner's hands. His fluffy tail gives a hopeful little sweep across the tiles. Sound: a long sigh, fridge hum, owner says "just two slices".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Back from the walk

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Front hallway late morning, daylight from the open door, shoes on a rack and a coat hook. The owner's hands unclip the leash from the dog's collar. He shakes his whole body, his long fluffy coat puffing out, then trots toward the kitchen. His claws click on the hallway floor as he goes. Sound: leash clip, body shake, tags jingling.

Clip 2 | 5-10s | Big drink

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
