# Monsoon Rain Walk With an Umbrella

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

## VIDEO IDEA

A warm monsoon afternoon walk with a big umbrella: waiting at the gate, trotting along the lane, splashing through a shallow puddle, a big shake on the porch and a towel at the door.

## TIMELINE

| | |
|---|---|
| **0-5s** | Waiting at the gate |
| **5-10s** | Under the umbrella |
| **10-15s** | Puddle splash |
| **15-20s** | Big shake |
| **20-25s** | Towel at the door |

## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Waiting at the gate): Front porch of a house on a warm monsoon afternoon, heavy rain falling, potted plants and a metal gate ahead. The owner's hand pops open a large black umbrella. The dog waits on a leash under the porch roof, staring at the rain with his ears up. Sound: pouring rain, umbrella snapping open. 5-10s (Under the umbrella): Quiet paved lane with green trees and low walls, warm grey rainy daylight. The owner holds the black umbrella partly over the dog as he trots along on the leash, his fluffy back getting damp, rain dripping from the umbrella edge beside him. Water runs along the edge of the lane beside his paws. Sound: rain drumming on the umbrella, paws on wet pavement. 10-15s (Puddle splash): Same paved lane, steady monsoon rain, shallow ankle-deep puddles along the edge. The dog walks straight through a shallow puddle, paws splashing water up onto his leg feathers, and looks back at the camera with his tail wagging. Warm rain keeps falling on the trees and walls around them. Sound: splashing, rain, owner says "really?". 15-20s (Big shake): Back under the front porch roof, grey rainy afternoon light, tiled porch floor. The dog stands and shakes his whole body hard, water spraying from his long wet coat in every direction, ears flapping, the owner's hand jumping back. Drops drip from the porch roof behind him. Sound: body shake, water spatter, owner laughing. 20-25s (Towel at the door): Inside the front door, warm ceiling light, a doormat and the wet umbrella leaning against the wall. The owner's hands rub the dog with a striped towel. His damp fluffy fur sticks up in tufts and he leans into the towel with his eyes half closed. Sound: towel rubbing, rain outside, contented groan.

## AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

## CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

### Clip 1 | 0-5s | Waiting at the gate

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Front porch of a house on a warm monsoon afternoon, heavy rain falling, potted plants and a metal gate ahead. The owner's hand pops open a large black umbrella. The dog waits on a leash under the porch roof, staring at the rain with his ears up. Sound: pouring rain, umbrella snapping open.

### Clip 2 | 5-10s | Under the umbrella

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. #### FACEBOOK CAPTION

I held the umbrella over him the whole time. He walked through every puddle anyway.
Who else walks in the rain?

#### HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
