First Frost of Autumn

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The first frosty morning of the season: stepping onto the white lawn, crunchy leaves, licking frost, his breath in the cold air and warming up by the heater.

TIMELINE

0-5s	Frosty lawn
5-10s	Crunchy steps
10-15s	Licking the frost
15-20s	Breath in the air
20-25s	Warm by the heater

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. 0-5s (Frosty lawn): Back door on an early autumn morning, pale cold daylight, the lawn covered in thin white frost with fallen orange leaves. The dog steps out onto the patio, stops and sniffs the cold air, his breath visible in small puffs. His fluffy tail lifts slowly as he looks around. Sound: quiet morning, a distant crow, door creaking. 5-10s (Crunchy steps): Frosty backyard lawn, pale early morning light, wooden fence. The dog walks across the white grass leaving dark paw prints behind him, the frozen leaves crunching under his paws, his fluffy tail held high and swaying. He stops to sniff a frosty fallen leaf, his breath puffing. Sound: crunching frost and leaves, soft sniffing. 10-15s (Licking the frost): Backyard by a low stone garden wall, cold morning light, frost on top of the wall. The dog sniffs the frosty stone and licks it, then pulls his tongue back and licks his lips, puzzled by the cold. He sniffs the stone once more before walking on. Sound: licking, quiet yard, owner laughs "cold, huh?". 15-20s (Breath in the air): Frosty backyard, pale morning daylight, bare branches over the fence. The dog sits on the white lawn facing the camera, puffs of breath rising from his nose, a light breeze moving the long fur on his chest and ears. Frost still covers the grass around his paws. Sound: light breeze, soft breathing, birds. 20-25s (Warm by the heater): Living room inside, warm lamp light and morning daylight from the window, a small heater running in the corner on a wooden floor. The dog lies curled on a rug in front of it, paws tucked under, eyes closing. Morning light from the window falls across his fluffy back. Sound: heater ticking, a long contented sigh.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Frosty lawn

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. Back door on an early autumn morning, pale cold daylight, the lawn covered in thin white frost with fallen orange leaves. The dog steps out onto the patio, stops and sniffs the cold air, his breath visible in small puffs. His fluffy tail lifts slowly as he looks around. Sound: quiet morning, a distant crow, door creaking.

Clip 2 | 5-10s | Crunchy steps

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male long-coat German Shepherd with a sable coat of grey-brown fur with black tips, a darker back, fluffy longer fur on the ears, neck, chest and tail, upright ears, wearing a navy blue nylon collar with a small silver tag, natural fluffy coat that is not perfectly groomed. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
