His Gentle Senior Days

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A soft, easy day with him at twelve: a careful morning stretch, a short garden stroll, a soaked breakfast, gentle brushing and a long nap in the sun patch.

TIMELINE

0-5s	Morning stretch
5-10s	Garden stroll
10-15s	Soaked breakfast
15-20s	Gentle brushing
20-25s	Sun patch nap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 12-year-old male long-coat German Shepherd with a sable coat, a grey-white muzzle and grey around the eyes, a little thinner fluffy coat, moving slowly and gently, wearing a navy blue nylon collar with a small silver tag. 0-5s (Morning stretch): Bedroom in the morning, soft daylight through half-open curtains, a thick grey orthopedic dog bed on the carpet. The dog stretches his front legs out long, yawns, then gets up carefully one leg at a time and wags his tail at the camera. His grey muzzle is a little puffy from sleep. Sound: quiet room, big yawn, owner says "morning, old man". 5-10s (Garden stroll): Backyard on a mild sunny morning, natural daylight, soft green lawn and a flower border. The dog walks at an easy pace along the edge of the lawn, stopping to sniff the flowers, his fluffy tail swaying gently. He pauses to look back at the camera before moving on, the morning breeze lifting his fur. Sound: birds, bees humming, soft footsteps on grass. 10-15s (Soaked breakfast): Kitchen with beige tile floor, morning window light, a raised steel food bowl on a stand. The dog eats softened kibble at a calm pace, then licks the bowl clean and licks his grey-white muzzle. Then he looks up at the camera and slowly wags his fluffy tail, sunlight from the window behind him. Sound: soft chewing, bowl clinking on the stand. 15-20s (Gentle brushing): Back porch, mid-morning daylight, wooden boards and a soft blanket. The dog lies on the blanket while the owner's hand runs a soft brush slowly along his back. His eyes close and he lets out a soft groan of happiness. Small tufts of soft fur gather on the blanket. Sound: soft brushing, contented groan, birds. 20-25s (Sun patch nap): Living room in the afternoon, a warm patch of sunlight on a cream rug by the window. The dog sleeps on his side in the sun patch, and the owner's hand rests gently on his grey muzzle, his chest rising and falling. His paws twitch a little as he dreams. Sound: quiet house, soft snoring, clock ticking.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Morning stretch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 12-year-old male long-coat German Shepherd with a sable coat, a grey-white muzzle and grey around the eyes, a little thinner fluffy coat, moving slowly and gently, wearing a navy blue nylon collar with a small silver tag. Bedroom in the morning, soft daylight through half-open curtains, a thick grey orthopedic dog bed on the carpet. The dog stretches his front legs out long, yawns, then gets up carefully one leg at a time and wags his tail at the camera. His grey muzzle is a little puffy from sleep. Sound: quiet room, big yawn, owner says "morning, old man".

Clip 2 | 5-10s | Garden stroll

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
