My German Shepherd Playing With the Kids in the Yard

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A late afternoon in the backyard with the kids: running alongside them, pushing a soccer ball, snapping at bubbles, lying in the grass with them, and watching over the swing set.

TIMELINE

0-5s	Running with the kids
5-10s	Soccer ball
10-15s	Snapping at bubbles
15-20s	Lying with the kids
20-25s	Swing set watch

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. 0-5s (Running with the kids): Suburban backyard, late afternoon, partly cloudy, soft daylight, uneven green grass and a wooden fence. A young boy in a t-shirt runs across the lawn laughing, and the dog lopes along beside him at an easy pace, tail up, staying close. Sound: kid laughing, paws on grass, owner says "stay with him". 5-10s (Soccer ball): Same backyard, late afternoon light. A worn black and white soccer ball rolls across the grass. The dog chases it and pushes it forward with its nose while a young girl's sneakers run after it, trying to get to the ball first. Sound: ball thumping, girl squealing "it's mine!", panting. 10-15s (Snapping at bubbles): Same backyard near the patio, soft late afternoon daylight. Big soap bubbles float across the frame from off camera. The dog jumps a little and snaps at them, looking surprised each time one pops on its nose, then shakes its head. Sound: kids giggling, jaws snapping, owner laughing. 15-20s (Lying with the kids): Same lawn, late afternoon, partly cloudy light. The boy and girl sit cross-legged on the grass and the dog lies down between them, panting. The girl pets its back and the dog rests its head on the boy's knee. Their sneakers and grass-stained knees are in the frame. Sound: kids chatting quietly, birds, panting. 20-25s (Swing set watch): Corner of the same backyard with a simple metal swing set, late afternoon daylight. The girl swings gently while the dog sits on the grass nearby, head moving back and forth as it follows her, ears up, watching closely. Each time she swings forward, its nose lifts slightly. Sound: swing chains creaking, kid humming, distant lawn mower.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Running with the kids

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Suburban backyard, late afternoon, partly cloudy, soft daylight, uneven green grass and a wooden fence. A young boy in a t-shirt runs across the lawn laughing, and the dog lopes along beside him at an easy pace, tail up, staying close. Sound: kid laughing, paws on grass, owner says "stay with him".

Clip 2 | 5-10s | Soccer ball

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
