How We Survive the Summer Heat

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A hot summer day: splashing in a kiddie pool, a frozen treat, playing with the garden hose, lying in the shade, and stretching out on the cool floor under a fan.

TIMELINE

0-5s	Kiddie pool splash
5-10s	Frozen treat
10-15s	Hose play
15-20s	Shade nap
20-25s	Fan and cool floor

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. 0-5s (Kiddie pool splash): Backyard, hot sunny midday, bright harsh sunlight, dry yellowish grass, a blue plastic kiddie pool half full of water near a wooden fence. The dog steps into the pool, stands in the water and slaps it with one front paw, splashing water everywhere. Sound: splashing, panting, cicadas, owner says "there you go". 5-10s (Frozen treat): Shaded back patio, hot afternoon, concrete slab with a few water spots. The dog lies down holding a frozen block of ice with small pieces of carrot inside between its front paws, licking it and crunching small bits of ice off the edge. Sound: ice crunching, licking, cicadas buzzing, a fan humming through the screen door. 10-15s (Hose play): Backyard, bright sun, patchy grass. The owner's hand holds a green garden hose with a gentle low stream of water arcing across the lawn. The dog bites and snaps playfully at the water stream, jumping a little, its face and chest soaked. Sound: water spraying, snapping jaws, happy barking, owner laughing. 15-20s (Shade nap): Under a large tree at the edge of the backyard, hot afternoon, strong sunlight outside the shade, dirt patch under the tree. The dog lies on its side in the shade, coat still damp, panting slowly, eyes half closed, one ear twitching at a fly. Sound: cicadas, slow panting, leaves rustling in a light breeze. 20-25s (Fan and cool floor): Living room, late afternoon, blinds half closed letting in thin strips of daylight, light grey tile floor. A white box fan on the floor blows toward the dog, who lies flat on its belly on the cool tiles with its legs stretched out behind it, fur fluttering. Sound: fan whirring, a big relaxed sigh, distant lawnmower.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Kiddie pool splash

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
