Waiting for the School Bus

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A school day with the kids' biggest fan: watching from the window, walking to the end of the driveway, seeing the bus leave, waiting on the porch all afternoon and the happy reunion.

TIMELINE

0-5s	Window lookout
5-10s	Driveway walk
10-15s	Watching the bus go
15-20s	Porch waiting
20-25s	Happy reunion

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. 0-5s (Window lookout): Front living room, early morning, cool grey daylight, a big front window with sheer curtains pushed aside, a backpack leaning against the couch. The dog stands with its front paws on the low windowsill bench, ears up, staring out at the quiet street while a child's sneakers walk past behind it. Sound: morning kitchen noises, a parent calling "shoes on, bus is coming". 5-10s (Driveway walk): Front driveway, chilly morning, overcast sky, damp concrete, a trimmed hedge and a mailbox at the end. A boy of about eight with a red backpack walks down the driveway beside a parent's legs. The dog walks right next to the boy on a loose leash, matching his steps, tail swaying. Sound: footsteps on concrete, tags jingling, birds, a car passing. 10-15s (Watching the bus go): End of the driveway by the curb, overcast morning, wet leaves on the sidewalk. A big yellow school bus pulls away in the background, slightly out of focus. The dog sits beside the parent's legs on leash, ears up, watching the bus leave, and lets out a small whine. Sound: bus engine and brakes hissing, a quiet whine, parent saying "he'll be back". 15-20s (Porch waiting): Front porch, mid-afternoon, soft cloudy daylight, wooden steps, a potted plant and a welcome mat. The dog lies on the top step with its chin on its front paws, watching the street. It lifts its head and perks its ears at every passing car, then lays it back down. Sound: distant cars, birds, a sigh, wind in the trees. 20-25s (Happy reunion): Front yard sidewalk, late afternoon, overcast daylight, patchy lawn and the same driveway. The boy with the red backpack walks up from the street. The dog trots to meet him with its whole back end wiggling, circles him and leans against his legs while the boy laughs and hugs its neck. Sound: the boy laughing "I missed you too", excited whining, tags jingling.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Window lookout

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male German Shepherd with a black saddle, tan legs and tan face, slightly darker muzzle, upright ears, wearing a worn brown leather collar with a small metal tag, natural slightly messy coat with a little loose fur on the shoulders. Front living room, early morning, cool grey daylight, a big front window with sheer curtains pushed aside, a backpack leaning against the couch. The dog stands with its front paws on the low windowsill bench, ears up, staring out at the quiet street while a child's sneakers walk past behind it. Sound: morning kitchen noises, a parent calling "shoes on, bus is coming".

Clip 2 | 5-10s | Driveway walk

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
