Thursday Training Session

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The weekly Thursday training session in the backyard: treat pouch on, a sit, a down-stay, a recall across the lawn and a tug reward to finish.

TIMELINE

0-5s	Treat pouch on
5-10s	Quick sit
10-15s	Down-stay
15-20s	Recall run
20-25s	Tug reward

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Treat pouch on): Back porch on a Thursday afternoon, soft overcast daylight, wooden steps, a plastic chair. The owner clips a small grey treat pouch to their waistband. The dog sits at the bottom of the steps, staring at the pouch, ears straight up and body very still, licking her lips. Sound: pouch zipper, birds, owner says "ready?". 5-10s (Quick sit): Backyard lawn, overcast afternoon light, patchy grass, a plain wooden fence. Camera from the owner's point of view, one hand raised. The dog sits immediately when the hand lifts, eyes locked on it, then catches a small treat tossed from the hand. Sound: owner says "sit" then "yes", a quick chomp, distant lawnmower. 10-15s (Down-stay): Same backyard, flat grey afternoon light. The dog lies down on the grass, front paws together. The owner's legs take three slow steps backward while the camera keeps her in frame. She stays down, ears twitching, eyes on the owner, tail still on the grass. Sound: owner says "stay" slowly, footsteps on grass, birds chirping. 15-20s (Recall run): Across the lawn, overcast daylight, garden shed in the background. The owner calls and crouches. The dog springs up and runs straight across the grass toward the camera, ears back, and slides into a sit right at the owner's knees, panting. Sound: owner calls "come!", paws thudding on grass, panting, "good girl". 20-25s (Tug reward): Middle of the backyard, soft overcast light, patchy grass. The owner's hand holds out a braided blue rope toy. The dog grabs the other end and pulls backward with her front legs braced, shaking her head side to side while the owner tugs gently. Sound: playful growl, rope creaking, owner laughing, birds.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Treat pouch on

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Back porch on a Thursday afternoon, soft overcast daylight, wooden steps, a plastic chair. The owner clips a small grey treat pouch to their waistband. The dog sits at the bottom of the steps, staring at the pouch, ears straight up and body very still, licking her lips. Sound: pouch zipper, birds, owner says "ready?".

Clip 2 | 5-10s | Quick sit

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
